1. Child Protection Ethos

We in Tullygally Primary and Nursery School have a responsibility for the Pastoral Care, general welfare and safety of the children in our care and we will carry out this duty by providing a caring, supportive and safe environment, where each child is valued for his or her unique talents and abilities, and in which all our young people can learn and develop to their full potential. All staff, teaching and non-teaching should be alert to the signs of possible abuse and should know the procedures to be followed. This Policy sets out guidance on the action, which is required where abuse or neglect of a child is suspected and outlines referral procedures within our school

2. Principles

The general principles, which underpin our work, are those set out in the UN Convention on the Rights of the Child and are enshrined in the Children (Northern Ireland) Order 1995, the Department of Education (Northern Ireland) guidance “Safeguarding and Child Protection in Schools- A Guide for Schools’ (DENI Circular 2017/04), the SBNI Core Child Protection Policy and Procedures (2018) and ‘Co-operating to Safeguard Children and Young People in Northern Ireland’ (2016).

The following principles form the basis of our Child Protection Policy.

- It is a child’s right to feel safe at all times, to be heard, listened to and taken seriously.
- We have a pastoral responsibility towards the children in our care and should take all reasonable steps to ensure their welfare is safeguarded and their safety is preserved.
- In any incident the child’s welfare must be paramount, this overrides all other considerations.
- A proper balance must be struck between protecting children and respecting the rights and needs of parents and families; but where there is conflict the child’s interest must always come first.

6. What Is Child Abuse?

6.1 Definition of Abuse

Child abuse occurs when a child is neglected, harmed or not provided with proper care. Children may be abused in many settings, in a family, in an institutional or community setting, by those known to them or more rarely, by a stranger. There are different types of abuse and a child may suffer more than one of them. The procedures outlined in this document are intended to safeguard children who are at risk of significant harm because of abuse or neglect by a parent, carer or other with a duty of care towards a child.

The following definitions of child abuse are taken from 'Co-operating to Safeguard Children and Young People in Northern Ireland 2016'.

6.2 Types of Abuse

Physical Abuse is deliberately physically hurting a child. It might take a variety of forms, including hitting, biting, pinching, shaking, throwing, poisoning, burning or scalding, drowning or suffocating a child.

Emotional Abuse is the persistent emotional maltreatment of a child. It is also sometimes called psychological abuse and it can have severe and persistent adverse effects on a child's emotional development. Emotional abuse may involve deliberately telling a child that they are worthless or unloved and inadequate. It may include not giving a child opportunities to express their views, deliberately silencing them, or 'making fun' of what they say or how they communicate. Emotional abuse may involve bullying-including online bullying through social networks, online games or mobile phones-by a child's peers.

Neglect is the failure to provide for a child's basic needs, whether it be adequate food, clothing, hygiene, supervision or shelter that is likely to result in the serious impairment of a child's health or development. Children who are neglected often suffer from other types of abuse.

Sexual Abuse occurs when others use and exploit children sexually for their own gratification or gain or the gratification of others. Sexual abuse may involve physical contact, including assault by penetration (for example, rape, or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via e-technology). Sexual abuse is not solely perpetrated by adult males. Women can commit acts of sexual abuse, as can other children

Exploitation is the intentional ill-treatment, manipulation or abuse of power and control over a child or young person; to take selfish or unfair advantage of a child or young person or situation, for personal gain. It may manifest itself in many forms such as child labour, slavery, servitude, engagement in criminal activity, begging, benefit or other financial fraud

or child trafficking. It extends to the recruitment, transportation, transfer, harbouring or receipt of children for the purpose of exploitation. Exploitation can be sexual in nature.

6.3 Sexual Exploitation of Children and Young People

Child sexual exploitation is a form of sexual abuse where children are sexually exploited for money, power or status. It can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status.

Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation doesn't always involve physical contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point.

6.4 Children Who Display Sexually Harmful Behaviour

Healthy sexual behaviour will normally have no need for intervention, however consideration may be required as to appropriateness within a school setting.

Problematic sexual behaviour requires some level of intervention, depending on the activity and level of concern. For example, a one-off incident may simply require liaising with parents on setting clear direction that the behaviour is unacceptable, explaining boundaries and providing information and education. It is important in such situations to distinguish between behaviours which are experimental in nature and those that are exploitative and harmful. If the behaviour is considered to be more serious, perhaps because there are a number of aspects of concern, advice from the EA CPSS may be required. In all such cases a risk assessment will be undertaken and an individual support and safety plan identified. Appropriate services will also be provided for the children involved. The above guidance follows DE Circular 2016/05 'Children Who Display Harmful Sexualized Behaviour.'

The CPSS will advise if additional advice from PSNI or Social Services is required

6.5 Domestic Violence and Abuse

It is now recognised that children who live in an atmosphere of domestic violence may be at risk. Domestic violence is any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass, but is not limited to, the following types of abuse:

- Psychological
- Physical
- Sexual
- Financial
- Emotional
- Virtual

If it comes to the attention of school staff that domestic abuse is or may be a factor for a child/young person this must be passed to the Designated/Deputy Designated Teacher who has an obligation to share the information to Social Services

A child may suffer or be at risk of suffering from one or more types of abuse and abuse may take place on a single occasion or may occur repeatedly over time.

The following are guidelines for use by staff should a child disclose concerns of a child protection nature.

Do:	Do not:
<ul style="list-style-type: none"> ❖ Listen to what the child says ❖ Assure the child they are not at fault ❖ Explain to the child that you cannot keep it a secret ❖ Document exactly what the child says using his/her exact words ❖ Remember not to promise the child confidentiality ❖ Stay calm ❖ Listen ❖ Accept ❖ Reassure ❖ Explain what you are going to do ❖ Record accurately ❖ Seek support for yourself 	<ul style="list-style-type: none"> ❖ Ask leading questions. ❖ Put words into the child's mouth. ❖ Ignore the child's behaviour. ❖ Remove any clothing. ❖ Panic ❖ Promise to keep secrets ❖ Ask leading questions ❖ Make the child repeat the story unnecessarily ❖ Delay ❖ Start to investigate ❖ Do Nothing

7. Procedures for making complaints in relation to child abuse

7.1 How a Parent can make a Complaint

We aim to work closely with parents/guardians in supporting all aspects of their child's development and well-being. Any concerns a parent may have will be taken seriously and dealt with in a professional manner. If a parent has a concern they can talk to the class teacher or any member of the school's safeguarding team: the Principal, the Designated or Deputy Designated Teacher for child protection. If they are still concerned they may talk to the Chair of the Board of Governors. At any time a parent may talk to a social worker in the local Gateway team or to the PSNI Public Protection Unit. Details of who to contact are shown in the flowchart in **Appendix 2**.

7.2 Where the school has concerns or has been given information about possible abuse by someone other than a member of the school staff including volunteers

Where staff become aware of concerns or are approached by a child they should not investigate as this is the responsibility of Social Services and/or PSNI. Staff should report these concerns immediately to the Designated/Deputy Teacher and full notes should be made. These notes or records should be factual, objective and include what was seen, said, heard or reported. They should include details of the place and time and who was present and should be given to the Designated/Deputy Designated Teacher. The person who reports the incident must treat the matter in confidence.

The Designated/Deputy Designated Teacher will decide whether in the best interest of the child the matter needs to be referred to Social Services. If there are concerns that the child may be at risk, the school is obliged to make a referral. Unless there are concerns that a parent may be the possible abuser, the parent will be informed immediately.

The Designated/Deputy Designated Teacher may consult with members of the school's safeguarding team, the Education Authority's Designated Officer for Child Protection or Social Services Gateway Team before a referral is made. During consultation with the Education Authority's Designated Officer the child's details will be shared. No decision to refer a case to Social Services will be made without the fullest consideration and on appropriate advice. The safety of the child is our prime priority.

Where there are concerns about possible abuse and a referral needs to be made the Designated/Deputy Designated Teacher will telephone Social Services Gateway Team. A UNOCINI (Understanding the Needs of Children in Northern Ireland) referral form will also be completed and forwarded to the Gateway team.

If the Principal has concerns that a child may be at immediate risk from a volunteer, the services of the volunteer will be terminated immediately.

This procedure with names and contact numbers is shown in **Appendix 3**.

7.3 Where a complaint has been made about possible abuse by a member of the school's staff

If a complaint about possible child abuse is made against a member of staff, the Principal (or Designated/Deputy Designated Teacher if the Principal is not available) **must be informed immediately**. The above procedures will apply (unless the complaint is about the Principal/Designated/Deputy Designated Teacher)

If a complaint is made against the Principal the Designated/Deputy Designated Teacher will inform the Chairperson of the Board of Governors who will ensure that necessary action is taken.

Where the matter is referred to Social Services the member of staff may be removed from duties involving direct contact with pupils or may be suspended from duty as a precautionary measure pending investigation by the appropriate authorities. The Chair of the Board of Governors will be informed immediately.

Child protection procedures as outlined in **Appendix 4** will be followed in keeping with current Department of Education guidance.

8. Attendance at Child Protection Case Conferences and Core Group Meetings

The Designated Teacher/Deputy Designated Teacher or Principal may be invited to attend an initial and review Child Protection Case Conferences and/or core group meetings convened by the Health & Social Care Trust. They will provide a written report which will be compiled following consultation with relevant staff. Feedback will be given to staff under the 'need to know' principle on a case-by-case basis. Children whose names are on the Child Protection register will be monitored and supported in accordance with the child protection plan.

9. Confidentiality And Information Sharing

Information given to members of staff about possible child abuse cannot be held "in confidence". In the interests of the child, staff have a responsibility to share relevant information about the protection of children with other professionals particularly the investigative agencies. Where abuse is suspected schools have a legal duty to refer to the Statutory Agencies. In keeping with the principle of confidentiality, the sharing of information with school staff will be on a 'need to know' basis.

Should a child transfer to another school whilst there are current child protection concerns we will share these concerns with the Designated Teacher in the receiving school.

10. Record Keeping

All child protection records, information and confidential notes are kept in separate files in a locked drawer. These records are kept separate from any other file that is held on the child or young person and are only accessible by members of the safeguarding team.

11. Vetting Procedures

All staff paid or unpaid who are appointed to positions in the School are vetted / supervised in accordance with relevant legislation and Departmental guidance.

12. Code Of Conduct For all Staff Paid or Unpaid

All actions concerning children and young people must uphold the best interests of the young person as a primary consideration. Staff must always be mindful of the fact that they hold a position of trust and that their behaviour towards the child and young people in their charge must be above reproach.

The school's code of conduct is available on request.

13. Staff Training

Tullygally Primary and Nursery School is committed to in-service training for its entire staff. Each member of staff will receive general training on Policy and procedures with some members of staff receiving more specialist training in line with their roles and responsibilities. All staff will receive basic child protection awareness training and annual refresher training. The Principal/Designated Teacher/Deputy Designated Teacher, Chair of the Board of Governors and Designated Governor for Child Protection will also attend relevant child protection training courses provided by the Child Protection Support Service for Schools.

When new staff or volunteers start at the school they are briefed on the school's Child Protection Policy and Code of Conduct and given copies of these policies.

14. The Preventative Curriculum

Throughout the school year child protection issues are addressed through

- class assemblies
- permanent child protection notice board in the main corridor of lower school and relevant information in outside school office/principal's office, Nursery entrance, in breakfast room and dining hall which provides advice and displays child helpline numbers.
- A flow diagram of how a parent may make a complaint is also on display.
- An enlarged flow diagram for a teacher allegation is in staff room.

Other initiatives which address child protection and safety issues:

- Primary 1 to Primary 7 children participate in a community awareness programme run by the PSNI, the "CASE" programme
- Primary 5 pupils take part in the Northern Ireland Fire and Rescue Service talks on Fire Safety.

- Nursery pupils are visited each year from members of the rescue services and health services.
- Nursery- Primary 7: Road Safety Awareness
- Our school provides a nurture group for children whose developmental needs (social, emotional and behavioural) are such that at times they may need additional support in a smaller group. The children are supported in a classroom which has been provided with a range of suitable resources and where the staff have been trained to provide the children with a variety of experiences, opportunities and approached to help address their specific needs. The Nurture Group staff will also follow the school staff code of conduct, child protection and other safeguarding policies.
- Time 4 Me – Barnardo’s counselling service – a service which supports children, families and schools when life gets tough. This is a weekly service with Ms J Mc Geary on Wednesday mornings in the school.

15. Monitoring and Evaluation

The Safeguarding Team in Tullygally Primary and Nursery School will update this Policy and Procedures in the light of any further guidance and legislation as necessary and review it annually.

The Board of Governors will also monitor child protection activity and the implementation of the Safeguarding and Child Protection policy on a regular basis through the provision of reports from the Designated Teacher.

On-going evaluation will ensure the effectiveness of the Policy.

Appendix 3

Procedure where the School has concerns, or has been given information, about possible abuse by someone other than a member of staff

Member of staff completes the Note of Concern on what has been observed or shared and must ACT PROMPTLY.

Source of concern is notified that the school will follow up appropriately on the issues raised.

Staff member discusses concerns with the Designated Teacher **Mrs Devlin** or Deputy Designated Teacher **Mr Guy/Mrs Andrews** in her absence and provides note of concern.

Designated Teacher should consult with the Principal or other relevant staff before deciding upon action to be taken, always taking care to avoid undue delay. If required advice may be sought from a CPSS officer

Child Protection referral is required

Designated Teacher seeks consent of the parent/carer and/or the child (if they are competent to give this) unless this would place the child at risk of significant harm then telephones the Children's Services Gateway Team and/or the PSNI if a child is at immediate risk. He/she submits a completed UNOCINI referral form within 24 hours.

Designated Teacher clarifies/discusses concern with child/ parent/carers and decides if a child protection referral is or is not required.

Child Protection referral is not required

School may consider other options including monitoring the situation within an agreed timescale; signposting or referring the child/parent/carers to appropriate support services such as the Children's Services Gateway Team or local Family Support Hub with parental consent, and child/young person's consent (where appropriate).

Where appropriate the source of the concern will be informed as to the action taken. The Designated Teacher will maintain a written record of all decisions and actions taken and ensure that this record is appropriately and securely stored.
